

NOBLE Convene Phoenix

Over the past few months, several interested NOBLE stakeholders including the White House, FBI, International Sheriff's Association, and private corporate sponsors, have reached out to NOBLE National President Perry Tarrant to participate in a series of convenes designed to address the calls for national law enforcement reform. NOBLE Convene, a Think Tank organized to develop recommendations with the goal of advancing NOBLE's position on long-term law enforcement reform. The purpose of the meeting was to focus on how NOBLE can raise its value and profile, increase its contributions to its membership and the law enforcement community, and become a better resource to government stakeholders and communities of color. The team is tasked with Advancing the President's Task Force on 21st Century Policing, with an emphasis on "building trust and legitimacy."
