Components of the program include:

CITIZENSHIP

Provides insightful education of how our representative democracy works and the role that citizens play in the government.

LAW LITERACY

Increases participants' knowledge regarding crimes that teens and young adults often find themselves charged.

LAW ENFORCEMENT ENGAGEMENT

Educates participants on the proper ways to respond during encounters with law enforcement and how to handle police mistreatment during and after the time it takes place.

"We quickly learned that the program helped the department engage not only the youth but also parents, community leaders, and law enforcement supporters. NOBLE and the COPS Office emphasize the importance of community policing as a philosophy embedded into the DNA of a police agency."

Colonel Vaughn M. Bond, Jr.
Chief of Police, New Castle County (DE) Police Department

Effective partnerships between law enforcement and the community can positively impact public safety. We share the responsibility to keep each other safe.

This project is supported, in whole or in part, by federal award number 2019-CK-WX-K022 awarded to NOBLE by the U.S. Department of Justice Office of Community Oriented Policing Services.
